

CLINICARE

a greater promise for life since 1967

Fast Facts About Our Programs

Since 1967, Clinicare has provided residential treatment and other services for children and adolescents in an atmosphere based on value and respect. Our multi-faceted approach has been developed based upon the needs of youth, families and agencies. This needs-driven approach has afforded Clinicare a reputation as one of the most innovative service providers in the Midwest. Through trauma informed care practices, and many other evidence based treatment techniques, Clinicare specializes in treating a very wide array of youth.

EAU CLAIRE ACADEMY

Eau Claire Academy is a co-ed residential treatment facility that offers clinical and rehabilitation services, vocational and educational programs, an alternative day school, outpatient services and two group homes. Eau Claire Academy serves young people between the ages of 10 through 18.

All Clinicare Programs offer carefully selected evidence based modalities of therapy. **Cognitive Behavioral Therapy (CBT)** is a main therapy that teaches residents to connect how their emotions and behaviors lead to positive and negative consequences. **Trauma Focused CBT (TF-CBT)** is a kind of CBT that helps residents process through past trauma. **Dialectical Behavior Therapy (DBT)** works to address resident self-harm behaviors and to help residents learn healthy ways to interact with others. **Eye Movement Desensitization and Reprocessing (EMDR)** is a therapy that helps residents to process trauma, even in nonverbal ways. **Motivational Interviewing** is a type of therapy that works to find resident strengths and help them be motivated in their treatment and their lives. **Sensory Rooms** and **Brain Science Concepts** are an integral part of every program. All therapists receive training in all modalities and many are certified in one or more methods. We are currently enhancing our practice in **Frequency Based Light and Sound Neurotherapy, Aggression Replacement Training** and **Play Therapy**. All Clinicare programs have a passion for innovative and effective treatment modalities.
